

# EYE AND LIP REJUEVENATOR

## 3-IN-1 DEVICE

Triple action device that combines:  
**Red LED light with thermal therapy  
and hypersonic infusion**

The skin around the eye and lip area is much thinner and more delicate than the skin on the rest of your face. The products and application that you use around your eyes need to be designed specifically for this area.

Use the Eye Rejuvenator device with your favorite skincare products to maximize absorption.

### BENEFITS

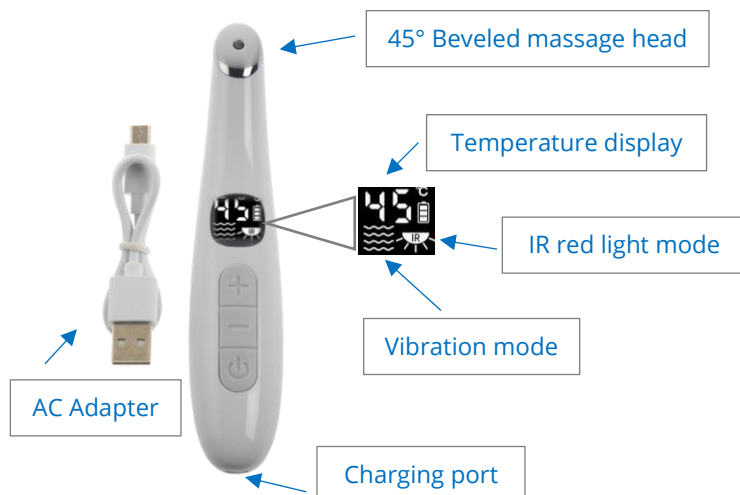

**TRIPLE ACTION:** Utilizes Red LED, Hypersonic Infusion and Thermal Therapy to target wrinkles and dark circles in the under-eye area, dull dehydrated skin around the eye and lip area, as well as improve skin elasticity and blood flow for a more youthful look.

**RED LED LIGHT:** Increases cell turnover and collagen production. Also aids in pain relief and improved blood circulation.

**HYPERSONIC INFUSION:** Relaxes skin and increases blood circulation to the eye area to boost skincare product absorption up to 6X.

**THERMAL THERAPY:** Promotes elasticity and opens and closes pores increasing absorption, pushing your favorite products deep into your skin.

**SLEEK & PORTABLE DESIGN:** Cordless and small enough to fit in your purse or cosmetic bag, it's perfect for travel and to take anywhere!

### BENEFITS:

- Increases collagen production
